Before the leaves begin to fall, Madison's system of water works will be in operation.

John F. Williams, prior of the Dousman house, at Prairie du Chien, died on Tuesday morning. He was one of the best known hotel men in the State, and in that business had been very successful.

Feeling in honor bound to extend a helping hand to Mrs. De Long, wife of the late Captain De Long, of the ill-fated Jeannette, Mr. James Gordon Bennett has just given her \$50,000 in United States bonds.

The Wisconsin Conference of the Methodist Episcopal church held at Fond du Lac, September 27, Bishop Wiley will preside. The West Wisconsin Conference will be held at Portage September 23, and Bishop Andrews will preside.

There has been formed in Boston a "Longfellow Memorial Association," the object of which is to secure part of the grounds owned by the poet, and to erect thereon an enduring memorial. Contributions to this object are asked from the public, and those who contribute will be considered as honorary members of the association, and an engraved certificate will be given to each member.

Another lady has been admitted to practice at the bar of the District of Columbia. Her name is Mrs. M. M. Ricker, and a United States Senator is credited with saying that she passed the best examination of any one in a class of seventeen, and all are men but herself. Mrs. Ricker was found to be particularly well versed in the law of real property, a branch supposed to be beyond the reach of the female intellect.

This is a good confession from the Madison Democrat: "Senator Beck delivered his well advertised speech on the whisky bond bill yesterday. He naturally took the side of the chief industry in his State, and made an earnest effort to explain away the appearance of a corrupt whisky ring. The beautiful character given to distillers would make the venerable moonshiner's cheek mantle with conscious blushes."

General George E. Bryant, postmaster at Madison, and Secretary of the State Agricultural Society, was elected Vice President of the Society of the Army of the Tennessee, at its recent meeting in St. Louis. General Bryant was a gallant soldier during the war, a popular officer, and made lasting friend of everybody with whom he became acquainted. He is a rare man, of sterling worth, of unflinching integrity, and those who know him best will most heartily rejoice that the Society of the Army of the Tennessee conferred this honor upon him.

The Chicago, Milwaukee & St. Paul railway company has decided to build a new line from Chicago to Madison, but will not begin its construction until July 1883, but when commenced it will be finished in three months. The starting point will be at Elgin, forty miles from Chicago, on the Chicago and Pacific division of the Chicago, Milwaukee and St. Paul railway. The line will then run up the Fox river valley to Geneva Lake, and from there to Milton Junction, and there connected with the Prairie du Chien division. The line will make a very direct route from Madison to Chicago, and will also make a short line from Chicago to St. Paul.

The matter of asking for expenses by those who attended Garfield's funeral in an official capacity, seems to have been a regular grab game. One member of the House of Representatives has just said: "I am sorry to see that the press has practically ceased to demand the production of the bills incurred by the Congressional funeral party while attending the funeral of the late President Garfield at Cleveland, and thus relieve the minds of a score of members. If those bills were made public a good many so-called statesmen would not be nominated for Congress this year. I have seen the bills, and I know what I say. It will probably be a surprise to a good many people to know that Judge Taylor, the chairman of our special committee, put in a bill to cover a few dollars' expense on going from his house in Warren, Ohio (not a great way from Mentor), to Cleveland, and that Speaker Keifer likewise put in a bill of expense in going to Cleveland from his home at Springfield. I could also mention the names of members who put in bills for railroad fare, where as a matter of fact they rode on annual passes. There is a move in some of the newspapers to work, and I hope as a warning for future statesmen that they will continue to demand the bills until the pressure becomes so great that the House will be forced to order them made public."

"Best of All."
Dr. R. V. Pierce, Buffalo, N. Y.: DEAR SIR—My family has used your "Favorite Prescription" and it has done all that is claimed for it. It is the best of all preparations for female complaint. I recommend it to all my customers.

Jacob Martzoff, of Lancaster, N. Y., says your SPRING BLOSSOM works well for everything you recommend it; myself, wife and children have all used it, and you can't find a healthier family in New York State—Oct. 5, 1880.

A STARTLING RUMOR.

WASHINGTON, May 16.—A rumor was circulated to-day which created the greatest excitement about the capitol, to the effect that Queen Victoria had been assassinated, and the tidings becoming known on the floors caused a lively stampede of Congressmen in search of particulars.

The State department was asked for information on the subject, and a reply was received stating that the story was rife in the department, but nothing of a corroborative character had been received.

Inquiry at the English Legation showed that Minister West had also heard the startling intelligence, and had at once telegraphed to England for particulars. He had not, however, any official notification of such a deplorable event, and was inclined to treat the matter as a sorry hoax.

The mention of such a calamity showed how strong a feeling of respect and veneration existed at the capitol for Queen Victoria, and frequent encomiums were passed to-day when it was thought she had been foully murdered, for the noble traits exhibited by her when President Garfield was assassinated. Every one deplored such a sudden end to one who is famous in the world's history, and the corridors of the capitol were thronged by an excited crowd, eager to learn all the details of the crime, if one had been committed.

A POPULAR MEASURE.

WASHINGTON, May 16.—Yesterday and to-day the bill called the 5 per cent. bill has been discussed in the Senate, and it is rapidly becoming a subject of interest to several States. The bill was introduced by Senator Voorhees, at the beginning of the session; but this is not the first appearance of the matter in Congress. It directs the Secretary of the Interior to ascertain the amount of public lands entered by the location of military scrip and land warrants in the States of Ohio, Indiana, Illinois, Missouri, Michigan, Wisconsin, Minnesota, Iowa, Nebraska, Kansas, Arkansas, Louisiana, Alabama, Mississippi, Florida, Oregon, Nevada and Colorado, whose enabling acts of admission into the Union contain a stipulation for the payment of five per cent. on the sales of the public lands; after which investigation the secretary of the interior is to certify the amount to the secretary of the treasury, who is directed to pay 5 per cent. on the aggregate value of \$1.25 per acre; and, to this end, he is to give interest-bearing certificates to the governor or assigned agents of the states named, to run twenty years and payable when due on presentation. The bill is popular because so many states are to be benefited by its passage, some of them to a large amount. Wisconsin's share will probably exceed \$400,000. In the further consideration of the bill the question may arise whether the government shall pay 5 per cent. on the land it gave away.

EX-GOVERNOR WASHBURN.

St. Louis, May 16.—The remains of ex-Governor Washburn, of Wisconsin, passed through here this morning en route to Chicago, accompanied by his brother, the Hon. E. B. Washburne.

MADISON, May 16.—Governor Rusk, several of the State officers, the Citizens' committee, the University Regents' committee and faculty, and a guard of honor of twenty members of the Lake City Guard, under command of General Chapman, left here at 12 o'clock in a special car of the regular train of the Chicago, Milwaukee and St. Paul railway, generously furnished by Manager Merrill. They will be joined at Milwaukee by a number of gentlemen, and at once proceed to Chicago, and meet the Washburn funeral party. The capitol has been beautifully draped in mourning, under the supervision of Captain W. H. Bennett, superintendent of public property.

FIRE RECORD.

HELENA, Ark., May 19.—This morning between 2 and 3 o'clock a fire broke out near the central portion of the block on the east side of Main street, composing the entire business portion of that thoroughfare on the east. The total loss by fire and damage by removal is estimated at \$45,000. The insurance will nearly cover the loss.

EAST SAGINAW, Mich., May 16.—The extensive planing-mill and sash and door factory owned by Jesse Hoyt, of New York, burned this afternoon. The mill was complete in all its appointments, and is a total loss, including six dry kilns, 200,000 feet of dressed lumber, and two freight cars loaded with lumber. Loss estimated at \$70,000, with no insurance. Seventy men are thrown out of employment.

CLEVELAND, May 16.—Roberts & Co.'s extensive basket works were destroyed to-night by fire, supposed to have originated in the drying room. The loss is not definitely ascertained, but variously estimated at \$25,000 to \$50,000. Insurance, \$15,000.

St. Louis, Mo., May 16.—The old slaughter-house of the Beef-Canning Company, situated about a fourth of a mile north of the national stock-yards, in East St. Louis, and which has been used for some time past for the manufacture of the offal of the concern into a fertilizer, burned to-night. Loss estimated at \$75,000; insurance not ascertained.

EXTREME PENURIOUSNESS.

NEW YORK, May 16.—James McCabe, the young servant of the late Miss Sarah Burr, who left \$3,400,000 in charity, and whose will is being contested by her second cousins, resumed his testimony to-day before Surrogate Hollins. He said: "In the house there never was anything broken while I was there. There was a porous plaster broken, which she mended. [Laughter.] The witness took from the heap of rubbish before him an iron spoon, which he said she used daily. When she sent for anything to be purchased she always wanted it to be cheap. Witness would tell her that he had paid ten or twelve cents a pound for steak when he had really paid thirty-five cents for the same."

She would eat and sleep most of the time. She would lie upon three chairs, continued the witness, but on very warm days would sometimes lie upon the lounge in the dining room. She took her meals in the kitchen. The carpets she did not allow to be cleaned or dusted. The witness went on to say that there was no gas ever lighted except in the hall. No clergyman ever visited her, except Dr. Wickham, occasionally, but him she would never see. He talked with the witness about religious subjects or charitable institutions, and her feelings toward them. She was forgetful, and often failed to remember that she signed her name to papers. At the conclusion of the direct testimony of Mr. McCabe the further hearing of the case was adjourned until morning.

SHOT HIS WIFE.

HANCOCK, Mich., May 16.—Anton Schwamper, a brewer, shot his wife this morning while she was lying in bed sleep by the side of her mother. He then went into an adjoining room and shot himself through the forehead. Both are dead. Jealousy was the cause.

TO PROMOTE A VIGOROUS GROWTH of the hair, use Parker's Hair Balsam. It restores youthful color in gray hair, removes dandruff, and cures itching of the scalp.

A BEEF FAMINE.

OSHKOSH, Wis., May 16.—A great scarcity of cattle is reported by the dealers of this city, and a beef famine is feared soon. This section of the country has been completely scourged for live stock, without much success, farmers, on account of the scarcity of corn, having raised but few cattle. An effort will be made to secure the importation of cattle from other points.

Making a Mistake.

John Hays, Credit, P. O., says that for nine months he could not raise his hands to his head through lameness in the shoulder, but by the use of THOMAS' ELECTRIC OIL he was entirely cured.

Women Never Think!

If the crabbed old bachelor who uttered the sentiment could but witness the intense thought, deep study and thorough investigation of women in determining the best medicines to keep their families well, and would note their sagacity and wisdom in selecting Hop Bitters as the best, and demonstrating it by keeping their families in perpetual health, at a mere nominal expense, he would be forced to acknowledge that such sentiments are baseless and false.
